

## 4D Molecular Therapeutics to Participate in Chardan's 5th Annual Genetic Medicines Conference

September 29, 2021

EMERYVILLE, Calif., Sept. 29, 2021 (GLOBE NEWSWIRE) -- 4D Molecular Therapeutics (Nasdaq: FDMT), a clinical-stage gene therapy company harnessing the power of directed evolution for targeted gene therapies, announced that management will participate in Chardan's 5<sup>th</sup> Annual Genetic Medicines Conference being held virtually on Monday, October 4. Details of the fireside chat are as follows:

**Event:** Chardan's 5<sup>th</sup> Annual Genetic Medicines Conference

**Date & Time:** Monday, October 4, 2021 at 2:30 p.m. ET

**Format:** Fireside Chat

A live audio webcast of the fireside chat will be available by visiting the "Investors & Media" section of the 4DMT website at [www.4dmolecularterapeutics.com](http://www.4dmolecularterapeutics.com). A replay of the webcast will be available for at least two weeks following the live event.

### About 4DMT

4DMT is a clinical-stage company harnessing the power of directed evolution for targeted gene therapies. 4DMT seeks to unlock the full potential of gene therapy using its platform, Therapeutic Vector Evolution, which combines the power of directed evolution with approximately one billion synthetic capsid sequences to invent evolved vectors for use in targeted gene therapy products. The company is initially focused in three therapeutic areas: ophthalmology, cardiology, and pulmonology. The 4DMT targeted and evolved vectors are invented with the goal of being delivered through clinically routine, well-tolerated and minimally invasive routes of administration, transducing diseased cells in target tissues efficiently, having reduced immunogenicity and, where relevant, having resistance to pre-existing antibodies. 4DMT is currently conducting three clinical trials: 4D-125 is in a Phase 1/2 clinical trial for XLRP patients, 4D-110 is in a Phase 1 clinical trial for choroideremia patients and 4D-310 is in a Phase 1/2 clinical trial for Fabry disease patients.

4D Molecular Therapeutics™, 4DMT™, Therapeutic Vector Evolution™, and the 4DMT logo are trademarks of 4DMT

4D-310, 4D-125 and 4D-110 are our product candidates in clinical trials and have not yet been approved for marketing by the US FDA or any other regulatory authority. No representation is made as to the safety or effectiveness of 4D-310, 4D-125, or 4D-110 for the therapeutic use for which they are being studied.
